#### **EXHIBIT A**

#### Scope of Work

## Local Workforce Employment Requirement

This amendment revises the local workforce employment requirement as follows:

Disadvantaged Worker	An individual who is a Community Area Resident, and, who, prior to commencing work on the Project, faces at least two of the following barriers to employment: (1) being homeless; (2) being a custodial single parent; (3) receiving public assistance; (4) lacking a GED or high school diploma; (5) having a criminal record or other involvement with the criminal justice system; (6) suffering from chronic unemployment; (7) emancipated from the foster care system; (8) being a veteran of the lrag/Afghanistan war; or (9) being an apprentice with less than 15% of the required graduating apprenticeship hours in a program.
----------------------	---

The Prime Contractor shall ensure that the following targeted hiring requirements are met for the project:

- a) At least 40% of total hours worked on the Project shall be performed by Community Area Residents, with preference given to Targeted Local Workers who qualify as Disadvantaged Workers. For any hour of Project Labor Work for which the C/S/E seeks to meet this 40% requirement, the C/S/E must first refer individuals whose primary place of residence is within the targeted zip codes (Tier 1). After C/S/E's have exhausted the available pool of Community Area Residents and Targeted Local Workers whose primary residence is within a targeted zip code, they may refer Local Residents whose primary place of residence is within the cities of Commerce, Maywood, Bell, Vernon, Huntington Park, and the City of Los Angeles.
- b) At least 25% of the total Project labor hours worked on the Project shall be performed by Disadvantaged Workers residing within the targeted zip codes or within the cities of Commerce, Maywood, Bell, Vernen, Huntington Park, and the City of Los Angeles. Hours of Project work performed by Disadvantaged Workers may be applied towards the 40% Community Area Resident requirement of this contract.

#### Task 6: Additional Sampling Services

Task 6 funds shall be used to perform additional sampling and analytical services, per DTSC request. Services include assisting DTSC with canvassing the communities for sampling coordination, optimizing sample efficiency and the reporting of sampling results. The scope of work includes the following elements:

- Personnel and services for sample report map enhancements, and 95% ProUCL 5.1 calculation output for all properties;
- Personnel and services for printing and delivering individual hard copy property sample reports to DTSC;
- Purchasing of XRF accessories to include sample cups, paper, medium and high calibration standards, and miscellaneous expenditures for efficient operation of each XRF device;
- Rental reimbursement of 2 XRF units;
- Production of laboratory reports for 100% of the data which will be consistent with USEPA Level III documentation and include data and summary forms specified in the Quality Assurance Project Plan;
- Production of ten percent USEPA Level IV documentation as specified in the Quality Assurance Project Plan;
- Evaluate and correlate results between the XRF field data and associated lab
  confirmation sample data for 7 XRF units on a bi-weekly basis or when sufficient number
  of data sets are available as specified in the Quality Assurance Project Plan and
  provided in technical memorandum;
- Field duplicate sampling and analysis at properties to evaluate spatial variability and provide results in the property sample reports;
- Securing and archiving all Level III and Level IV data validation packages, XRF NDT files and the Spectra on a regular basis.
